

NOEL JOSEPH VARGHESE

AI & Data Engineer | Product Analyst

noeljosephvarghese@gmail.com | +971 58 665 2189, +91 9751406969 (WhatsApp) | Sharjah, UAE

PROFESSIONAL SUMMARY

Technology professional with a dual background in AI/robotics engineering and visual design, completing a B.Tech in Artificial Intelligence & Robotics at VIT Chennai (CGPA 8.23/10). Proven record delivering cross-functional digital products - from enterprise AI copilots and MMM analytics dashboards to full UI/UX design systems and scalable SaaS platforms. Combines data-driven execution (Python, SQL, Power BI, Marketing Mix Modelling) with polished visual delivery (Figma expert, Adobe Creative Suite).

CORE COMPETENCIES

UI/UX & Product Design	Figma (Expert), Design Systems, Component Libraries, Wireframing & Prototyping, User Research, Journey Mapping, Service Blueprints
AI & ML Engineering	Generative AI, LangGraph, ReACT Agents, RAG, Multi-Agent Architectures, Marketing Mix Modelling, Predictive Analytics, Dataiku DSS, Claude Code, Codex, Antigravity, Hermes CLI, Ollama APIs
Data & Analytics	Python, SQL/MySQL, Power BI, ETL Pipelines, Data Visualisation, KPI Hierarchy Design, FastAPI, REST APIs, Vercel
Product Delivery	Agile/Scrum, Sprint Planning, Release Management, Business Analysis, Stakeholder Reporting, Vendor Management
Visual & Creative Production	Adobe CC (Photoshop), CapCut, Canva, Storyboards
Front-End & Dev Tools	HTML, CSS, JavaScript, Chrome Extension Development, Git, Supabase, Figma Make, Lovable, Advanced Excel & PowerPoint

PROFESSIONAL EXPERIENCE

UI/UX & Visual Designer

May 2025 – Present

Tripssecure Group | Dubai, UAE

- Led **end-to-end UI/UX design** for the company website and full digital product suite - from user research and wireframes through high-fidelity Figma prototypes to production-ready delivery.
- Built a **comprehensive design system** and component library from scratch: typography tokens, color systems, interaction patterns, and style guides across web and mobile surfaces.
- Designed **social media assets, marketing comps, storyboards, and client-facing decks**; optimized information architecture driving measurable gains in engagement and session depth.

Data Analyst & AI Engineer

Jan 2026 – Jun 2026

Sol Analytics | Dubai, UAE

- Reduced time-to-insight for corporate executives by **40% by delivering a complex MMM analytics dashboard** owning end-to-end UX, user flows, KPI hierarchy, and data visualization layer for non-technical marketing users.
- Maintained **zero-defect handoffs across continuous delivery pipelines** by redesigning the release process and coordinating vendor delivery across data engineering and ML teams.
- Led architecture and deployment of **Sol Garage, a multi-tenant automotive ERP system**; reduced scope creep by 30% via detailed PRDs and functional wireframes aligning design, engineering, and business goals.
- Managed **Vercel cloud deployments** in agile sprints and presented design concepts and technical documentation directly to board-level stakeholders.

Graphic & Brand Designer

Jul 2025 – Aug 2025

Jivika AI | Chennai, India

- Delivered end-to-end creative concepts - storyboards, marketing comps, social content, brand collateral - from mood boards through final execution in **Photoshop** and **Figma** for an AI-focused startup.

UI/UX Designer

Apr 2024 – Sep 2024

Prime Pro | Hyderabad, India

- Managed full UX process: user research, journey mapping, wireframes, and high-fidelity **Figma prototypes**; validated via usability testing and **presented directly to clients**.
- Conducted end-to-end requirements gathering and translated user research into decision-ready materials for senior leadership, delivering on-time launch with full stakeholder sign-off.

KEY PROJECTS

Multi-Tenant Automotive ERP System | <https://sol-garage-erp.vercel.app/>

- Architected and deployed a multi-tenant automotive ERP system for local garages, integrating centralized administrative controls, real-time inventory management, and specialized quality check consoles for technician advisors.

Enterprise MMM Analytics Dashboard | <https://github.com/whynot231455/mmm-sol-dashboard>

- Translated advanced ML/MMM outputs into an executive-ready analytics platform; achieved 40% reduction in time-to-insight and flawless client handoffs via structured release planning and comprehensive user documentation.

Web-Blocker Chrome Extension | <ctrl-blck.vercel.app>

- Designed and developed a full Chrome extension (HTML/CSS/JS + Supabase) end-to-end - from interaction design through front-end implementation and production deployment.

EDUCATION

B.Tech, Artificial Intelligence & Robotics
Vellore Institute of Technology, Chennai

2022 – 2026 | CGPA: 8.23 / 10.0

High School Education (CBSE Board)
Gems Millennium School, Sharjah

2013 – 2022 | Grade 10: 91.4% | Grade 12: 80.1%

CERTIFICATIONS

Certification	Issuer	Date
Claude Certificates (Claude, Claude Code, Claude Cowork)	Anthropic	Apr 2026
Generative AI Practitioner	Dataiku DSS	Mar 2026
ML Practitioner	Dataiku DSS	Feb 2026
Advanced Designer	Dataiku DSS	Mar 2026
Developer	Dataiku DSS	Apr 2026
Core Designer	Dataiku DSS	Jan 2026
Azure AI Fundamentals (AZ-900)	Microsoft	Aug 2024
Modern AI Certificate	Cisco Networking Academy	Jun 2025

ADDITIONAL

Languages: English (Professional Proficiency), Malayalam (Native/Bilingual), Hindi (Basic Proficiency)
